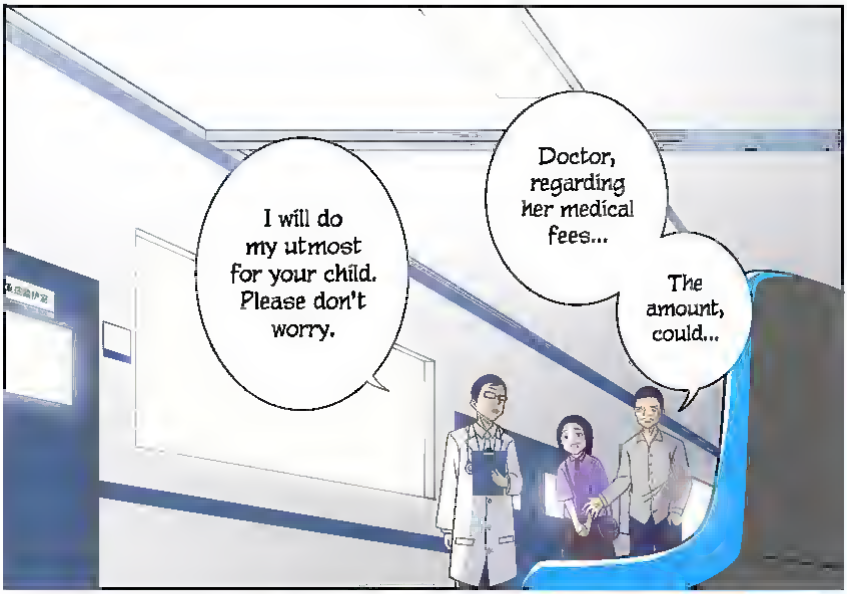
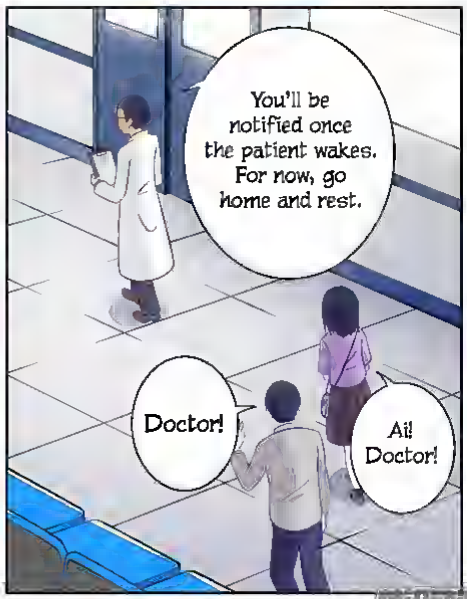
Doctor, is there... really nothing you can do?

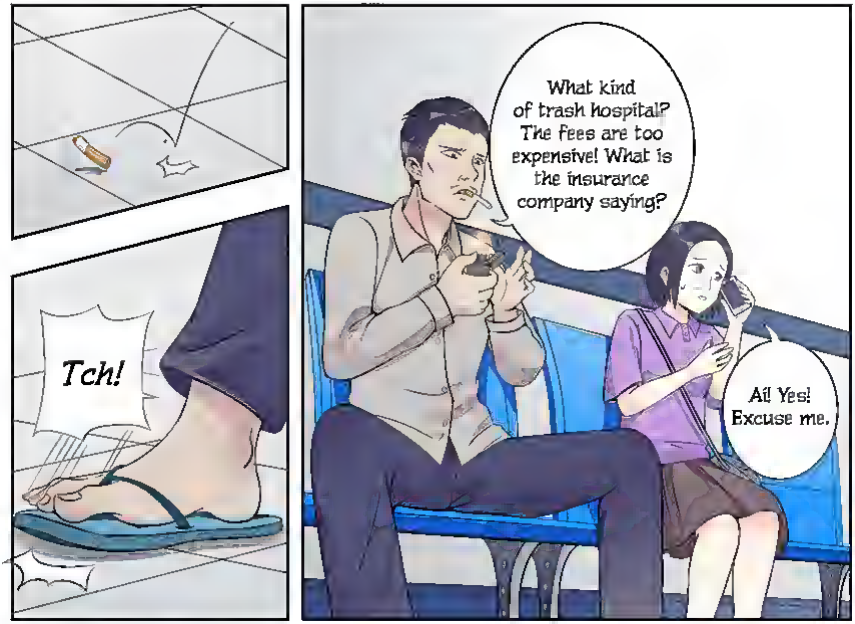


I will do my utmost for your child. Please don't worry.
Doctor, regarding her medical fees...
The amount, could...

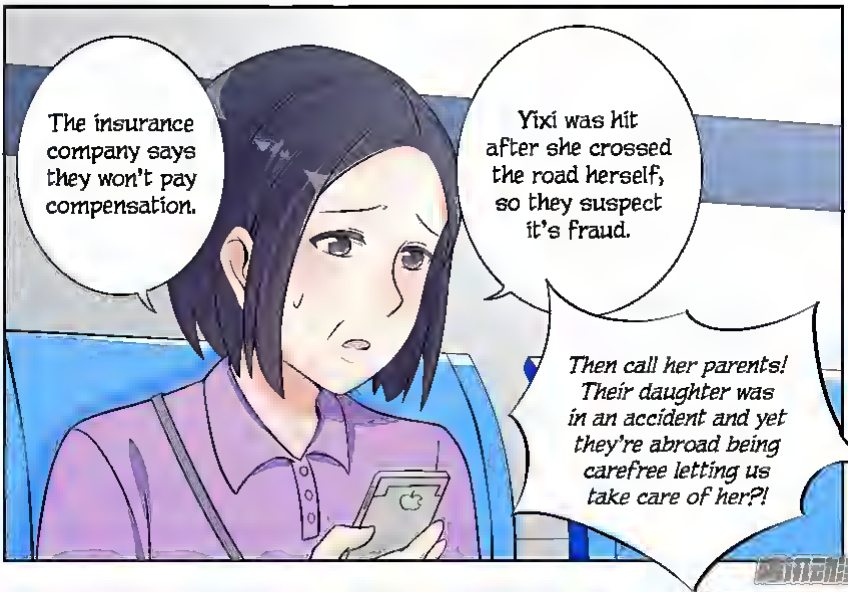
The fees collected are set by the hospital. As a doctor, my greatest responsibility is to treat patients.
I'm very sorry I can't help you with the fees.



You'll be notified once the patient wakes. For now, go home and rest.
Doctor!
Ai! Doctor!



Tch!
What kind of trash hospital? The fees are too expensive! What is the insurance company saying?
Ai! Yes! Excuse me.



The insurance company says they won't pay compensation.
Yixi was hit after she crossed the road herself, so they suspect it's fraud.
Then call her parents! Their daughter was in an accident and yet they're abroad being carefree letting us take care of her?!

It's fine if they don't come, as long as they remit the money!
Of course they will! Or else who'd take care of their child!
The problem is when, and how much!!
Do you know how much this care unit costs per day?!
Doesn't it hurt to pay this much? Don't I need to use my own money?!
Okay, okay! I'm going to call right now, alright?
Yixi...

Are the sounds outside your relatives?

Your parents... aren't by your side?

Dear dear,
Yixi, don't cry!
We'll only be gone for a short while. You'll see us soon.
If we don't leave now, we'll miss our flight.

Be good with your uncle!
We'll return soon!
Hey! Meng Yixi! Were you found on the streets?
Hahaha. I heard she has no parents!

Then isn't she an orphan?
A lonely child with no parents!
Hahaha! Orphan!
Orphan! Orphan!

Hello!
How are you?
Why are you alone in the park?
Do you want to play with me?
Xu Rui!

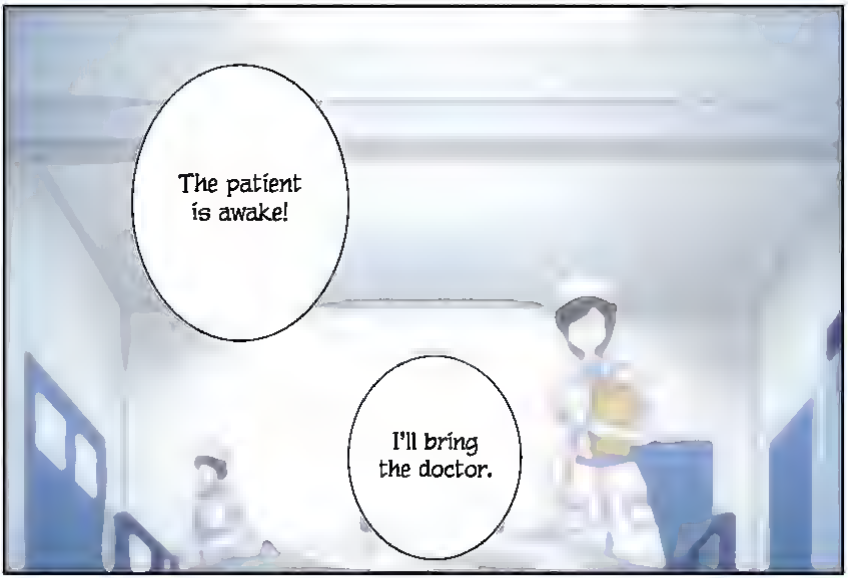
Xu Rui! Don't talk to her!
What's wrong?
She's a parentless orphan like in the stories!
Let's go! Or else we'll catch her orphan disease!
Go, go!
But...
Xu Rui, didn't your dad buy you a new console! Let's go play!

Are these... Yixi's memories?
Yixi...

Ah! This is...

Light...!

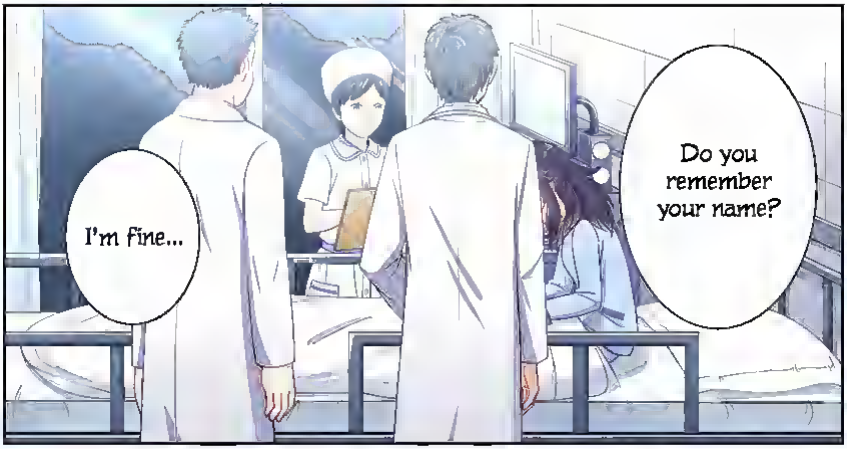
Or is it that... Yixi and I....
Where...?



The patient is awake!
I'll bring the doctor.

Can you hear me clearly?
How is the patient's condition?

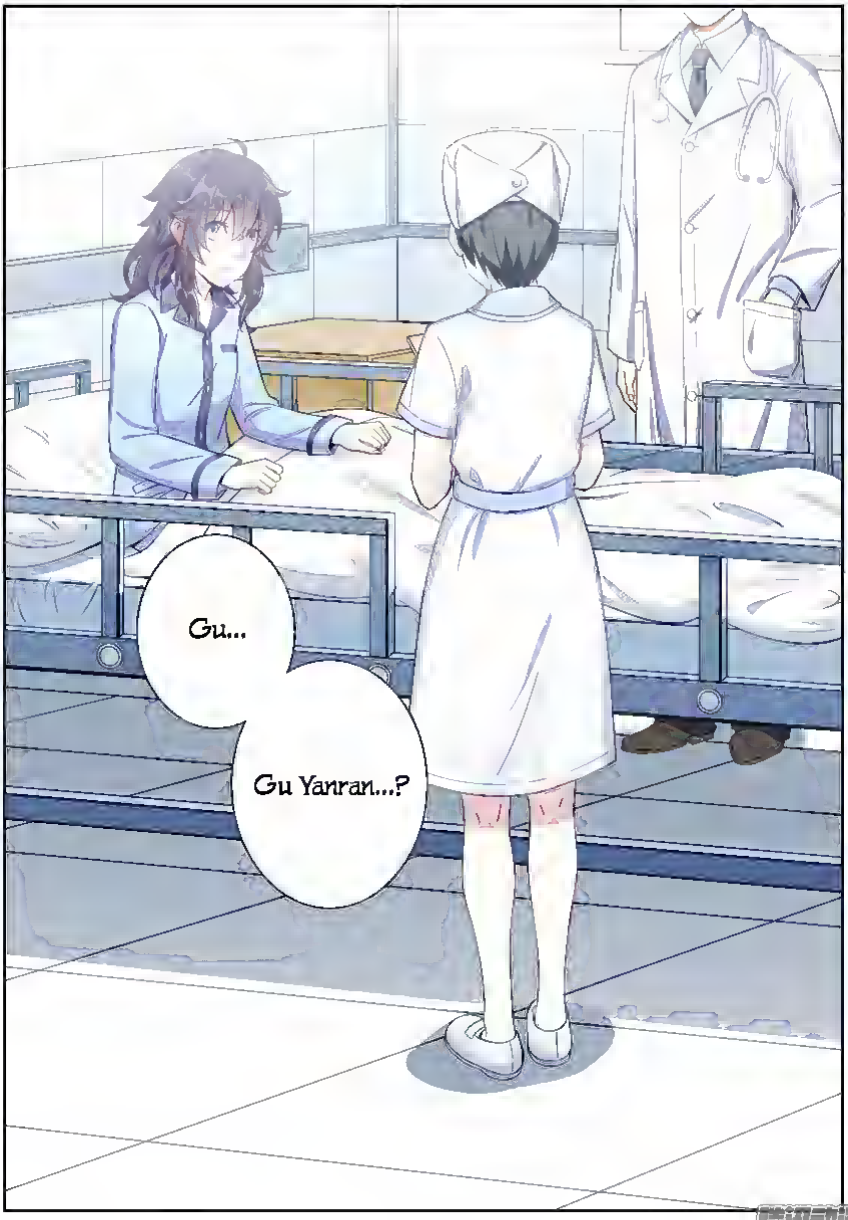
Do you remember what happened to you? Can you recall it?
I...
That...
Ai! This patient! You can't get up yet!



I'm fine...
Do you remember your name?

My name...

My name is...



Gu...
Gu Yanran...?
